Overview

Mike McGrath is a senior and registered patent attorney in the intellectual property law firm of Seager Tufte Wickhem. He is based in the firm's Minneapolis, Minnesota office.

Mike represents and advises clients in matters relating to the preparation of patent applications and patent prosecution, both U.S. and international.

He evaluates the intellectual property portfolios of clients and also provides a Freedom to Operate (FTO) analysis and opinion related to a patent in question. FTO or "right to use" opinions are critical to insure that your patent does not infringe on the rights of others before investing further resources in the manufacturing and marketing of the product. The FTO opinion will reveal any obstacles that must first be overcome. The FTO is a critical component in the due diligence of any contemplated merger or acquisition or entering a new market.

Mike is a member of the Minnesota Intellectual Property Law Association (MIPLA), American Intellectual Property Law Association (AIPLA), American Bar Association (ABA) and the Minnesota State Bar Association (MSBA).

Born in Park Rapids, Minnesota, Mike received his J.D. from William Mitchell College of Law. He received his B.S. in Chemistry, Biochemistry/Molecular Biology from the University of Minnesota – Duluth and his Ph.D. in Pharmacology from the University of Minnesota. He joined Seager Tufte Wickhem in 2000.
